Groomers Mission Statement

It is our mission to assure you that your pet will be treated as comfortably, compassionately and humanely as possible. We will never use any sedatives or tranquilizers, only experience, patience and TLC. Therefore, upon our judgment, we reserve the right to use our discretion in any case that may require a dog to obtain any painful and long staking grooming experience due to over matting or poorly maintained coats. We will be more than happy to work with both you and your pet in achieving the desired cut and look you would like to acquire. Please feel free to discuss any questions or concerns you may have at the time of your appointment, this will ensure that any doubts from pricing to care will be addressed. We want you to feel that when leaving your pet with us, they are not only left in the right hands, but with the right heart!
